COMPANY PROFILE

NINGBO KLS ELECTRONIC CO.,LTD.

Your Best Electronic Components Sourcing!

COMPANY PROFILE

Since 2002, the company has been producing and supplying electronic components, KLS employs over 50 personnel, including 5 R&D personnel, 15 engineer purchasers and 16 of sales & marketing. The company has more than 50,000 SKU. We act as stable supply chain for over 50 trustable top distributors oversea and famous manufactures, and more than 100 industry leading manufacturers reached strategic supply alliances.

The product range includes: Connectors, passive components, wireless products, wire and cables, batteries & accessories, sounders & buzzers, switches & relays, circuit protection, wire and cable, frequency control, and Integrated Circuits.

The laboratory of KLS carries out environmental test, welding test, salt spray test, electroplating test, tensile test, voltage and current test, anti-aging test and so on for the products to ensure the compliance and quality stability of the incoming materials. to ensure of ROHS, REACH, UL, VDE.

KLS, relying on 20 years of development of high-quality resources, We help customers' bom list, assist customers in product design and production. and continue to look for better alternative products in China, enhanced performance saves costs. KLS has a large number of customers in many fields such as automation, communication, power, transportation, new energy, elevator, lighting, security, machinery and so on, providing more than 50000 products and professional services.

KLS believes that it is essential to integrate rich and competitive products with a clear understanding of customer needs, market conditions and quality requirements. We continue to visit market, improve products quality, develop new products to meet the continuous innovation needs of customers, to reduce customer's purchase cost and risk, to win the trust of customers.

We are committed to becoming your trusted supplier of electronic components in China.
